

# PRINTERS UNLIMITED

## ***Providing your school or business with the best printer solution ever – FREE!***

You need to print; we want repeat custom – we have a simple solution, our FREE printer solution

**SAVE YOUR BUDGET** – Do not buy printers, let us provide them on loan to you and utilise your budget for other things that your school or business needs.

**Don't sign up for those costly 'managed print services'** – which creep up your costs as they include the maintenance and repair of the printer – **just use our printers and we will maintain them**, you buy the ink you use from us

So what's the catch? There simply isn't one – you pay for your INK TONER – which you agree to get from us in exchange for using our printers – and rest assured, we do ensure the cost of our toner/ink is at a fair market price and it will be more cost effective than having the burden of owning or leasing printers.

### **Advantage to your school/business:**

- A free loan printer so no charge, no replacement parts, no heavy outlay to buy new printers.
- We supply and maintain the printers at no charge.
- We sell you the toner/ink and deliver it to you as and when you need so you don't need to keep stocks, or to save running out you can just keep one and reorder when you put that one into the printer, which means you don't have to have your budgets tied up with large toner/ink stock.

**The printer: we supply top quality branded colour and mono printers. Reliable and cost effective to run.**

We hope you like our proposal. To find out more contact us by email or phone. **We look forward to building a long-term relationship with you. Contact us today.**

Reply to this email [info@printersunlimited.co.uk](mailto:info@printersunlimited.co.uk) or phone us on **01244 566330/07498 991688** (if the line is busy leave a message and we will get back to you)

Once we have discussed with you your requirements we aim to supply you within the week.

## **FAQs**

### **I am worried that the price of your ink/toner will be well above the market price**

We undertake to source the best prices so we are competitive, you can be reassured that there is no hidden catch here. **We want your repeat custom** – and we only get that by providing you with a good service and fair pricing that is competitive.

### **Schools often ask - Do I need LEA approval - for the scheme?**

No. There's no need for LEA approval as it's NOT a finance agreement and you are not tying yourself down to those costly 3/4/5 year 'managed service' contracts.

### **Is there a minimum amount of consumable I must buy every year?**

We just ask you to pay for the first set of toners at the beginning of the scheme and repeat, as you need from then on.

### **Do I have to pay any quarterly charges or 'click' charges.**

No. You just pay for your consumables.

### **Can I buy my own toners if I can find them cheaper?**

No, the agreement is that we supply the toners to you, but don't worry we will do so at competitive prices – do let us know if you do find cheaper genuine consumables in stock elsewhere but we think it will be unlikely. And remember, you won't have the cost of maintaining and repair if the printer breaks down – so no capital outlay and hassle free.

### **Will the printer cope with the printing demands of a busy office/school environment?**

We only use branded printers such as Samsung, Dell, that are suitable for high capacity use and are very well engineered. We select them for this scheme because of their reliability and ease of use. It is in our interest that you have good quality printers.

### **What happens if there is a problem or the printer breaks down?**

The printers have a manufacturer's warranty for 36 months (3 years). If we cannot repair it then we will replace it with a new or professionally refurbished unit. We are locally based, so can be out to you within 24 hours – in most cases the same day.

### **What happens if I want to return the printer?**

That's fine, just give us a week's notice in writing and we will simply come and collect it.

### **Are empty consumables recycled in keeping with green policies?**

Yes. The brands we stock are all from manufacturers that operate recycling scheme which enable you to return any end of life consumables for recycling free of charge. We will brief you on that when we deliver your printers.

We hope you are interested and look forward to building a long-term relationship with you. Just email [info@printersunlimited.co.uk](mailto:info@printersunlimited.co.uk) or phone 01244 566330/07498 991688 (if the line is busy leave a message and we will get back to you) Once we have discussed your requirements we aim to supply you within the week.
